New Partnerships in 2015

Langenbach, 3 March 2015:

Though this year is not even 3 months old yet, we are very pleased to welcome a new partner:

In order to expand our business activities abroad, SK Ecología S.A. will serve the market in Chile in the future. Welcome!

With deep gratitude for their commitment over the past few years, we bid farewell to ENERBON Sdn Bhd, which took care of the Malaysian market.

Our well-known partner Thai Daiichi Intertrade Co., Ltd. will take over the Malaysian territory in the future, and we would like to use this opportunity to cordially welcome them as well!

We hope that we will be able to present other partners in the near future, and of course we keep working on further product innovations. If you're interested to learn more, then please come and visit us at one of our upcoming events, or simply give us a call.
